$\frac{1}{2}$, $\frac{1}{3}$, $\frac{1}{4}$, $\frac{1}{5}$, $\frac{1}{10}$

Know subtraction facts within 10.

$$7 - 3 = ?$$

What we are learning at Stage 4.

Ways to help at home:

- Look at numbers around your home/ neighbourhood.
- Use count downs from 100.
- Skip count your steps in 2s, 5s and 10s.
- Point out patterns you notice.
- Give simple addition and subtraction problems while out and about.
- Use a pack of cards to make addition and subtraction problems.
- Count forwards and backwards from random numbers to 100.
- Count money.
- Read recipes and measure ingredients.
